

2020-2021 ISMPP Certification Board Election Call for Nominations

ISMPP Certification Board Overview

The ISMPP Certification Board oversees and supervises the ISMPP CMPP™ Certification Program. The Certification Board serves as an independent and autonomous body within ISMPP to develop, evaluate, supervise, and administer all Certification Program policies, procedures, and activities. More information can be obtained from the ISMPP website at: <http://www.ismpp.org/cmpp-governance>.

ISMPP Certification Board Composition

The Certification Board includes at least five (5) qualified voting Directors elected by the ISMPP certification program certificants in good standing. All elected and appointed positions are two-year terms.

ISMPP Certification Committee Positions and Qualifications

There are three (3) open voting Director seats on the ISMPP Certification Board. The officers of the Certification Board (Chair, Vice-chair, and Secretary) will be elected from among the voting Directors once the board is established.

Commitment: If you are considering running for a position, please note that the Certification Board meets via teleconference once per month and attendance at infrequent ad-hoc meetings may also be required. Additionally, Certification Board members must be able to commit up to approximately 5-10 hours per month for duties that accompany the position.

For the CMPP Certification Board positions, each candidate:
